City Council Work Session

1.

Meeting Date: 10/17/2022

Policy Statement: This request supports the City Council 2022-2023 Policy Agenda

Goal(s): Quality Development

Submitted by: Opal Mauldin-Jones, City Manager

Agenda Caption:

Receive a development update from Walmart Inc.

Background:

Walmart Inc. stores play an integral role in our community, having four (4) facilities located within our community. Two facilities are existing and are currently operating while the other two are currently under construction. As it relates to the two facilities under construction, Walmart has a commitment to make an \$800,000 million dollar investment within our community. This is the first time Walmart has ever constructed two large industrial facilities in the same community simultaneously. One facility is being constructed to be a 600,000 feet cold storage facility located off of E. Pleasant Run Road and the other is being constructed as an E-Commerce facility located off of East Beltline Road. Walmart will provide an update on these two projects to include facility completion timeframes and hiring updates.

Council has received concerns from constituents regarding the existing facilities as it relates to truck parking at the super center, quality of products, and store aesthetics. There have also been community concerns relating to Walmart Neighborhood stores closing throughout the country. Walmart will provide an update regarding these concerns via their presentation.

Receive a presentation and discuss training related to new employment laws.

Background:

Three new laws went into effective September 1, 2021 revising vital parts of the Texas Commission on Human Rights Act. The City Attorney recommends all supervisors and City Council receive training on the new employment laws for leadership development.

Key changes include broadening the employer liability for a supervisor's failure to take immediate corrective action, increasing the statutory filing period from 180 to 300 days, and prohibiting the use of taxpayer dollars to pay for sexual harassment awards against appointed or elected officials and their staff. The new definition of employer provides the basis for an argument that supervisors and other agents of the employer, such as human resources representatives and managers, can be held individually liable for the harms caused to victims of sexual harassment.

Training will be provided by Rodney Klein, EEO Training LLC. Rodney Klein has over sixteen years of experience as an Equal Employment Opportunity (EEO) trainer and presenter as owner of Rodney Klein EEO Training and with the US Equal Employment Opportunity Commission. He is a recognized authority in federal EEO law and is a sought-after speaker and trainer across Texas. Rodney believes that understanding EEO both legally and culturally is the key to creating productive, efficient and ultimately inspired workforces.

Discuss Specific Use Permits (SUPs) in Retail zoning districts.

Background:

As prescribed in the City Council Rules and Procedures as amended October 10, 2022 Section D. City Council Agenda Process, Subsection 1.b, Council Member Marco Mejia requested that an item be included on a City Council work session for the purpose of discussing the requirement for a SUP in Retail zoning districts for certain land use types. During the July 18, 2022 meeting, the City Council reviewed those uses that require an SUP within a Retail zoning district. The item was also discussed at Strategic Planning and City Council directed staff to bring the item back with uses and definitions for those uses based on the Lancaster Development Code and the Planning Dictionary.

Operational Considerations:

The Lancaster Development Code (LDC) requires a Specific Use Permit (SUP) for any use identified in the Land Use Table as requiring one. Through the use of an SUP, City Council is able to more closely consider requiring additional standards for a use as may be necessary based on the surrounding conditions and circumstances that may warrant protecting adjacent property or uses from any adverse impact.

In summary, the SUP process allows for an enhanced level of stipulations that would not otherwise occur without the additional requirement of City Council consideration. The additional stipulations allow the City Council to provide added protection, as necessary, if conditions exist that are potentially disruptive to the existing surrounding community.

This item is for discussion only.

Agenda Caption:

Discuss Ordinance 2009-07-16 regarding Rights-of-Way (ROW) and Property Owner responsibility and maintenance of ROW and the scope of services performed by Yellowstone Landscape (Contractor).

Background:

As prescribed in the City Council Rules and Procedures, amended on October 10, 2022, Section D. City Council Agenda Process, Subsection 1.b., Councilmember Strain-Burk requested that an item be included in a Work Session for the purpose of discussing ROW maintenance and Property Owner responsibility and services performed by the Contractor. On June 14, 2021, City Council approved the mowing services and ROW maintenance agreement with the Contractor that includes mowing services for certain ROW, medians, designated city-owned lots, and drainage areas. The medians and ROW are mowed every 14 days during the growing season, typically between March and November of each year. Allowing for delays because of weather, medians and ROW will be mowed approximately 18 times during the growing season.

Median and ROW mowing consists of the following activities:

- Picking up and removing litter
- Mowing
- Edging
- Line trimming around landscaping, signs, poles, etc.
- Removing grass clippings from streets, gutters, and concrete portions of the median
- Removing litter scraps that were unintentionally mowed

The Contractor is responsible for mowing all the median within a divided road such as Pleasant Run Road and Belt Line (see exhibit). This includes mowing certain parkways such as Wintergreen along the north side of the James R. Williams Pump Station Building where the Contractor mows the median and the parkway adjacent to the building. The parkway is commonly defined as the area of public ROW between private property and the edge of the city street.

The private property owner is responsible for maintaining and mowing the parkway area adjacent to the city street, including ditches. The same applies to Homeowner Associations and Public Improvement Districts for open and common areas. Also, private property owners are responsible for the maintenance of easements unless the easement language dictates otherwise.

However, in years past, the city was inadvertently mowing private properties. Over 2,000 letters were mailed out to private property owners on January 12, 2022, informing them about the upcoming mowing impact change. A copy of the letter and a list of all the property owners are attached as exhibits, respectively. An excerpt of the City's Code of Ordinance which was included in the letter is shown below as well...

In accordance with the City's Code of Ordinance, Section 14.09.015, property owners are responsible for maintaining the entire property from the street pavement to the property line.

Code of Ordinance, Section 14.09.015 (e):

(e) Weeds

(1) All premises and exterior property shall be maintained free from weeds and non-ornamental grasses in excess of 12 inches, including rights-of-way areas between property lines and a defined paved surface under the control of a governmental entity. Where an alley or right-of-way exists that has not been paved, maintenance responsibility shall be considered to be to the centerline of the alley. All noxious weeds shall be prohibited. Weeds in excess of 48 inches in height are a danger to the health, life or safety of any person and may be immediately abated without notice. Notice shall be no later than the tenth day after the date the city causes the work to be done under this section. The city shall give notice to the property owner in the manner required herein.

(2) Upon failure of the owner or agent having charge of a property to cut and/or destroy weeds after service of a notice of violation, they shall be subject to prosecution in accordance with section 14.09.008(c) and as prescribed by the authority having jurisdiction. Upon failure to comply with the notice of violation, any duly authorized employee of the jurisdiction or contractor hired by the jurisdiction shall be authorized to enter upon the property in violation and cut or destroy the weeds growing thereon, and the costs of such removal shall be placed against the property.

This item is for Council discussion.

CITY OF LANCASTER

SHINING STAR OF TEXAS

City Manager's Office

Date: January 12, 2022

Dear Property Owner:

The purpose of this letter is to notify you that pursuant to the City's Code of Ordinance, Section 14.09.015, property owners are responsible to maintain the entire property from the street pavement to the property line.

Code of Ordinance, Section 14.09.015 (e):

(e) Weeds

(1) All premises and exterior property shall be maintained free from weeds and non-ornamental grasses in excess of 12 inches, including rights-of-way areas between property lines and a defined paved surface under the control of a governmental entity. Where an alley or right-of-way exists that has not been paved, maintenance responsibility shall be considered to be to the centerline of the alley. All noxious weeds shall be prohibited. Weeds in excess of 48 inches in height are a danger to the health, life or safety of any person and may be immediately abated without notice. Notice shall be no later than the tenth day after the date the city causes the work to be done under this section. The city shall give notice to the property owner in the manner required herein.

(2) Upon failure of the owner or agent having charge of a property to cut and/or destroy weeds after service of a notice of violation, they shall be subject to prosecution in accordance with section 14.09.008(c) and as prescribed by the authority having jurisdiction. Upon failure to comply with the notice of violation, any duly authorized employee of the jurisdiction or contractor hired by the jurisdiction shall be authorized to enter upon the property in violation and cut or destroy the weeds growing thereon, and the costs of such removal shall be placed against the property.

As a result, moving forward the City will no longer maintain the rights-of-way located between your property line and the street pavement. The property owner is responsible for maintaining (mowing) this area as indicated above.

Should you have any questions, please do not hesitate to contact us.

Sincerely,

Fabrice Kabona
Deputy City Manager

CITY OF LANCASTER CITY COUNCIL

City Council Work Session

5.

Meeting Date: 10/17/2022

Policy Statement: This request supports the City Council 2022-2023 Policy Agenda

Goal(s): Financially Sound Government
Healthy, Safe & Engaged Community

Submitted by: Ray Silva-Reyes, Assistant City Manager

Agenda Caption:

Discuss the Professional Service Agreement with Touchstone Golf LLC (Touchstone) for the management of the Country View Golf Course.

Background:

At the January 8, 2018, Regular Meeting, City Council approved a three-year contract with Touchstone Golf, LLC for the operations of the Country View Golf Course. The contract is set to expire on January 31, 2023. The renewal is another three-year contract with a fee increase from \$4,000 to \$4,500 a month.

Under Touchstone's management, the Country View Golf Course has steadily improved the financial health of the golf course, as well as making the golf course a true community asset. As a result of the Touchstone management, staff secured national accounts to stock the golf pro shop, obtain the necessary equipment for maintenance and operations, as well as working through re-branding and improving the image and operation of the course.

Operational Considerations:

This is a request to approve a three-year extension to the agreement with Touchstone Golf, LLC.

Highlights of the agreement include:

- Continued management from January 2023 through January 2026;
- Employment of appropriate staff;
- Continuance of the license for the beverage cart and concessionaire's agreement;
- Operational and financial reports for point of sale (POS) and account maintenance.

Fiscal Impact:

The monthly base management fee is four thousand, five hundred dollars and zero cents (\$4,500.00). The City will be responsible for all costs and expenses of maintaining, operating, and supervising the operation of the Golf Course facility.
